Crystal Mackall, MD

Pediatrics- Hematology & Oncology

Crystal L Mackall MD is the Ernest and Amelia Gallo Family Professor of Pediatrics and Internal Medicine at Stanford University. She serves as Founding Director of the Stanford Center for Cancer Cell Therapy, Associate Director of Stanford Cancer Institute, Leader of the Cancer Immunology and Immunotherapy Program and Director of the Parker Institute for Cancer Immunotherapy at Stanford. During a 27 year tenure culminating as Chief of the Pediatric Oncology Branch, NCI, and now through the Mackall Lab at Stanford (<https://med.stanford.edu/mackalllab.html>), she has led an internationally recognized basic and translational research program focused on immunooncology. She is the recipient of numerous awards, including the AACR-St. Baldrick's Award for Outstanding Achievement in Pediatric Cancer Research, the ASCO Pediatric Oncology Award and Lecture, is a member of the American Society of Clinical Investigation, and the American Academy of Physicians. She serves in numerous national leadership positions, including co-PI on the NCI Pediatric Cancer Immunotherapy Network (U54), Leader of the NCI Pediatric Cancer Immunotherapy Trials Network, and co-Leader of the St. Baldrick's-StandUp2Cancer Pediatric Dream Team. She is Board Certified in Pediatrics, Pediatric Hematology-Oncology and Internal Medicine.
